LIST OF FIGURES

LIST OF TABLES

LIST OF PLATES

## CHAPTER 1

**INTRODUCTION.....1 - 5**

|   |   |
|---|---|
| 1.1 GENERAL INTRODUCTION.....                 | 1 |
| 1.2 LANDSLIDES IN INDIA.....                  | 1 |
| 1.3 WESTERN GHATS.....                        | 2 |
| 1.4 LANDSLIDES IN KERALA.....                 | 3 |
| 1.5 TYPES OF SLOPE FAILURES.....              | 3 |
| 1.6 PREVIOUS LANDSLIDE STUDIES IN KERALA..... | 4 |

## CHAPTER 2

**LANDSLIDES IN KOZHIKODE DISTRICT.....6 - 14**

|  |    |
|--|----|
| 2.1 ADMINISTRATION.....                                      | 7  |
| 2.2 CLIMATE.....   | 7  |
| 2.3 GEOLOGY.....   | 7  |
| 2.4 GEOMORPHOLOGY AND SOIL TYPES.....                        | 9  |
| 2.5 FEATURES OF LANDSLIDES IN KOZHIKODE.....                 | 9  |
| 2.6 LANDSLIDE SUSCEPTIBILITY MAPPING KOZHIKODE DISTRICT..... | 11 |
| (QUANTITATIVE ZONATION METHOD)                               |    |
| 2.7 RISK ANALYSIS OF KOZHIKODE DISTRICT.....                 | 12 |

## CHAPTER 3

**LANDSLIDES THIRUVAMBADI GRAMAPANCHAYATH.....15 - 20**

|                             |    |
|-----------------------------|----|
| 3.1 LANDSLIDE HISTORY.....  | 16 |
| 3.2 METHODOLOGY.....        | 18 |
| 3.3 SCOPE OF THE STUDY..... | 19 |
| 3.4 OBJECTIVES.....         | 20 |

|   |                |
|---|----------------|
| <b>CHAPTER 4</b>  |                |
| <b>IDENTIFICATION OF HAZARDOUS AREAS.....</b>                               | <b>21 - 41</b> |
| 4.1 METHODOLOGY.....  | 21             |
| 4.1.1. SLOPE.....   | 22             |
| 4.1.2. RELATIVE RELIEF.....   | 24             |
| 4.1.3. ASPECT.....  | 24             |
| 4.1.4. CURVATURE.....   | 27             |
| 4.1.5. DRAINAGE DENSITY.....  | 29             |
| 4.1.6. DRAINAGE FREQUENCY.....  | 31             |
| 4.1.7. DRAINAGE BUFFER.....   | 31             |
| 4.1.8. LANDUSE / LAND COVER.....  | 34             |
| 4.1.9. ROAD BUFFER.....   | 34             |
| 4.2 LANDSLIDE SUSCEPTIBILITY MAPPINGBY QUANTITATIVE<br>ZONATION METHOD..... | 37             |
| <b>CHAPTER 5</b>  |                |
| <b>SITE SPECIFIC STUDIES.....</b>   | <b>42 - 52</b> |
| 5.1 INTRODUCTION.....   | 42             |
| 5.2 METHODOLOGY.....  | 42             |
| 5.3 MATERIAL PROPERTIES OF SLOPE MATERIALS.....                             | 45             |
| 5.4 THARIPPAPOYIL.....  | 45             |
| 5.5 MANCHUVAD.....  | 47             |
| 5.6 JOY ROAD.....   | 49             |
| 5.7 KARIMB (POOMARATHINKOLLI).....  | 50             |
| <b>CHAPTER 6</b>  |                |
| <b>MONSOON FURY AND ITS IMPACTS 2018.....</b>                               | <b>53 - 64</b> |
| <b>CHAPTER 7</b>  |                |
| <b>CONCLUSIONS AND RECOMMENDATIONS.....</b>                                 | <b>65 - 67</b> |
| 7.1 CONCLUSIONS.....  | 65             |
| 7.2 RECOMMENDATIONS.....  | 66             |
| <b>REFERENCES.....</b>  | <b>68 - 70</b> |

## **LIST OF FIGURES**

|   |    |
|---|----|
| Fig. 2.1. Kozhikode map.....  | 6  |
| Fig. 2.2. Geology map.....  | 8  |
| Fig. 2.3. Landslide Susceptibility Zonation map of the Kozhikode District.....  | 13 |
| Fig. 3.1. Thiruvambadi Grama Panchayath.....  | 15 |
| Fig. 4.1. Slope map of the study area.....  | 23 |
| Fig. 4.2. Relative Relief map of the study area.....  | 25 |
| Fig. 4.3. Aspect map of the study area.....   | 26 |
| Fig. 4.4. Curvature map of the study area.....  | 28 |
| Fig. 4.5. Drainage density map of the study area.....   | 30 |
| Fig. 4.6. Drainage frequency map of the study area.....   | 32 |
| Fig. 4.7. Drainage buffer map of the study area.....  | 33 |
| Fig. 4.8. Landuse map of the study area.....  | 35 |
| Fig. 4.9. Road buffer map of the study area.....  | 36 |
| Fig. 4.10. Landslide susceptibility map of Thiruvambadi Grama Panchayah.....  | 39 |
| Fig. 4.11. Ward level susceptibility map of Thiruvambadi Grama Panchayath.....  | 41 |
| Fig.5.1. $\beta$ diagram of joint planes. Complete circle represents the friction angle.<br>Dotted arc represents hill slope and continuous arc represents joint plane..... | 46 |
| Fig.5.2. Geological map of the Manchuvad scar.....  | 48 |
| Fig.5.3. $\beta$ diagram of joint planes. Complete circle represents the friction angle.<br>Dotted arc represents hill slope and continuous arc represents joint plane..... | 49 |
| Fig.5.4. $\beta$ diagram of joint planes. Complete circle represents the friction angle.<br>Dotted arc represents hill slope and continuous arc represents joint plane..... | 50 |
| Fig.5.5. Geological map of the Karimb scar.....   | 52 |
| Fig.6.1. Validation hazard zonation map (Kozhikode District).....   | 63 |
| Fig.6.2. GPS location of landslide events in hazard zonation map by NCESS.....  | 64 |

## **LIST OF TABLES**

|  |    |
|--|----|
| Table 2.1 Factors and corresponding LSV values.....  | 11 |
| Table 2.2 Area % falling under each susceptibility zone.....                               | 12 |
| Table 2.2 Distribution of panchayath areas (Km <sup>2</sup> ) in different risk zones..... | 14 |
| Table 3.1 Locations of debris flow.....  | 17 |
| Table 4.1 Slope categories and area falling in each category.....                          | 22 |
| Table 4.2 Relative Relief categories and area falling in each category.....                | 24 |
| Table 4.3 Aspect categories and area falling in each category.....                         | 27 |
| Table 4.4 curvature categories and area falling in each category.....                      | 27 |
| Table 4.5 Drainage density categories and area falling in each category.....               | 29 |
| Table 4.6 Drainage frequency categories and area falling in each category.....             | 31 |
| Table 4.7 Drainage buffer categories and area falling in each category.....                | 31 |
| Table 4.8 Landuse categories and area falling in each category.....                        | 34 |
| Table 4.9 Road buffer categories and area falling in each category.....                    | 37 |
| Table 4.10 Area falling under different landslide susceptibility zones.....                | 38 |
| Table 4.11 Ward wise area falling under different susceptibility zones.....                | 40 |
| Table 5.1. Geographical coordinates of the selected locations.....                         | 42 |
| Table 5.2 Engineering properties of soil.....  | 45 |
| Table 6.1 Slope failures in Kozhikode district during 2018 monsoon.....                    | 54 |
| Table 6.2: Distribution landslide events in different zones.....                           | 62 |

## **LIST OF PLATES**

|   |    |
|---|----|
| Plate 1: Sub surface tunnel erosion (Soil piping).....                                | 18 |
| Plate 2. Survey using Total station.....  | 43 |
| Plate 3. Sampling for the determination of geotechnical properties.....               | 44 |
| Plate 4. Core samples.....  | 44 |
| Plate 5. Plate House collapsed due to the impact of debris flow at Tharippapoyil..... | 46 |
| Plate 6. The debris flow controlled by joint planes.....                              | 47 |
| Plate 7. Debris flow at Karimb.....   | 51 |
| Plate 8. Debris slide at Maripuzha.....   | 56 |
| Plate 9: Slump at Nayadampoyil.....   | 57 |
| Plate 10: Debris flow at Kurishumala.....   | 57 |
| Plate 11: A view of series of slope failures in near Kakkayam Dam site.....           | 58 |
| Plate 12: The scar of the failure starting towards valley from the road edge.....     | 59 |
| Plate 13: Debris flow at hill slope Valiyapaanam.....                                 | 60 |
| Plate 14: Slump due to soil piping in Chembattamel.....                               | 61 |
| Plate 15: Accumulation of debris at Mattikunnu.....                                   | 62 |
