Training Report

As part of 2022 monsoon preparedness, a two-day training was organised by Kerala State Disaster Management Authority on Incident Response System (IRS) for all the District Disaster Management Authorities. The training was held on 15th and 16th June ,2022 respectively. The first day session for the districts of Thiruvananthapuram, Kollam, Kottayam, Pathanamthitta, Alappuzha and Ernakulam and Idukki districts. The second day session was held for Thrissur, Palakkad, Malappuram, Kozhikode, Wayanad, Kannur and Kasaragod districts.

The Incident Response System (IRS) is an effective mechanism for reducing ad-hoc measures in response. It envisages a composite team with various Sections to attend to all the possible response requirements. The IRS designates officers to perform various duties and get them trained in their respective roles. It also emphasises the need for proper documentation of various activities for better planning, accountability and analysis. This will greatly help in reducing chaos and confusion during the response phase. Everyone will know what needs to be done, who will do it and who is in command.

The state has notified Incident Response System up to Taluk level. All DDMA's modifies the IRS system before monsoon. The IRS system is fully operational in the state during disaster events. The IRS structure at the state, district, and taluk levels is shown below.
