Abstract

Disaster Management Department – National Cyclone Risk Mitigation Project (NCRMP) Phase-II – Sites selected for multi-purpose cyclone shelters – Orders issued

DISASTER MANAGEMENT (REVENUE-K) DEPARTMENT

G.O.(Rt)No. 641/2016/DMD. Dated, Thiruvananthapuram, 28th January 2016.

Read:

- 1. G.O.(Ms) No.331/2014/DMD, dated, 5th August 2014
- 2. Letter No.NCRMP/SPIU/010/2015, dated, 19.1.2016 from the Additional Project Director & State Project Manager (i/c), NCRMP, Kerala.

As per the Govt Order read as 1st paper above, sanction was accorded for the implementation of National Cyclone Risk Mitigation Project-Phase II (NCRMP-II), a centrally sponsored project with World Bank assistance to reduce vulnerability to cyclone and other hydro-meteorological hazards of coastal area in the State of Kerala. Its objective is to increase the capacity of the State entities to effectively plan for, respond to and recover from disaster in the 9 coastal districts of the State.

- 2) As per letter read as 2nd paper above, the Additional Project Director & State Project Manager (i/c), NCRMP, Kerala has reported 36 sites from 9 coastal districts to be considered for the construction of multi-purpose cyclone shelters (MPCS) under NCRMP. He certified that environmental and social screening as per World Bank guidelines were carried out in these sites and suitability was assessed as per the prescribed format by the Environment and Social Specialist and the Construction Manager of the Project. It is also reported that construction may not be possible in all sites and will depend on the final availability of funds that may vary due to cost escalations. The Additional Project Director & State Project Manager (i/c), NCRMP, Kerala has, therefore, requested to select and prioritise the sites and provide in-principle sanction for initiating further necessary actions towards constructing MPCS in the selected sites.
- 3) Government have examined the matter in detail and are pleased to select 27 (twenty seven) sites that have cleared the environmental and social screening as given in the annexure enclosed to this order and accord in-principle sanction for the construction of the multi-purpose cyclone shelters in these sites.
