| Event Name | An awareness session on “Basics of Disaster Management and some of its Applications for School Students” |
| Event date | 20 th February 2024 |
| Event venue | Kendriya Vidyalaya, Pattom |
| Details of the event | On February 20th, 2024, I had the opportunity to conduct an awareness session for Kendra Vidyalaya students. The two-hour session primarily focussed on the Basics of Disaster Management and some of its applications. Throughout the session, I shared my knowledge and experience in the field of Disaster Management. I had discussed about the different types of disasters, terminologies associated with disaster management, classification of hazards, the hazard profile of the state, and different types of alerts and warnings. Finally, the session concluded with practical steps on how to protect oneself from earthquakes and a demonstration of how to use a fire extinguisher. The students actively participated in the entire session and clarified their doubts. The aim of the session was to provide students a basic understanding of disaster management. |
| Number of females | 245 |
| Number of males | 215 |
| Number of trans genders | 0 |
| Number of children | 460 |
| Resource person/organizer from the side of SDMA/DDMA | Ms. Devika B S HA Disaster Management, KSEOC |
