

Kerala State Disaster Management Authority

BRIEF REPORT ON TRAININGS

Title	:	An expert talk on 'Urban Heatwave and Climate Change' - seminar
Date	:	24.07.2024
Venue	:	Seminar Hall, C.A.T
Organized by	:	College of Architecture Thiruvananthapuram (C.A.T)
No of Participants	:	44
No of male participants	:	14
No of female Participants	:	30
Resource person from SDMA/DDMA	:	Fahad Marzook T U, Hazard Analyst (Met), KSEOC

On July 24, 2024, I delivered an expert lecture at the College of Architecture, Trivandrum (C.A.T) as part of their Semester 9 Design Studio, focusing on "Urban Heatwave and Climate Change." The session aimed to enhance students' understanding of climate resilience in urban areas, emphasizing heat wave mitigation. I discussed the characteristics and impacts of urban heat waves, the Kerala State Heat Action Plan (HAP), and various heat resilience strategies. The talk was well-received, highlighting the importance of integrating heat resilience into urban design education and fostering ongoing collaboration between academic institutions and disaster management authorities.

C.A.T

EXPERT TALK

24.07.24
WEDNESDAY
VENUE : SEMINAR HALL
TIME : 2PM
