

Event Name	CBSE Regional Level Exhibition
Event date	08/11/2024 to 09/11/2024
Event venue	St. Peters Higher Secondary School Kadayirippu, Kolenchery
Details of the event	<p>The CBSE Regional Science Exhibition showcased the theme, "<i>Science and Technology for a Sustainable Future,</i>" featuring around 140 exhibits across seven sub-themes. Students from grades 6 to 11 participated in this inspiring event. I had the privilege of evaluating exhibits in the sub-themes of Disaster Management and Waste Management.</p> <p>In the Disaster Management category, many exhibits focused on landslide prediction using advanced sensors, demonstrating innovative ways to mitigate natural hazards. In Waste Management, students highlighted efficient drainage systems and creative methods for reusing plastic products.</p> <p>It was a wonderful experience to exchange ideas with these budding science enthusiasts and witness their passion for sustainable solutions. The exhibition truly embodied the spirit of innovation for a better future.</p>
Resource person/organizer from the side of SDMA/DDMA	Amrutha K Hazard Analyst
