Event Name	Workshop on India Disaster Resource Network
Event date	23-10-2026
Event venue	Hybrid mode
Details of the event	The workshop commenced with the opening remarks by the NIDM, highlighting the importance of effective resource management and coordination in disaster response. Following the inaugural session, Mr. Manjeet Singh, Assistant Professor, NIDM, delivered a detailed presentation on the India Disaster Resource Network (IDRN) portal. The presentation covered the key features, functionalities, and operational aspects of the portal. As part of the session, a live demonstration of the IDRN portal was conducted to familiarize the participants with its interface and practical applications. The demonstration provided insights into the process of accessing resource information and using the portal for effective disaster response planning and coordination. Subsequently, a simulation exercise was conducted to provide participants with hands-on experience in submitting resource requisitions through the IDRN portal. The workshop concluded at 3:45 PM
